Profile

Graphic Design graduate with a strong interest in branding, visual identity, and strategic communication. I enjoy creating thoughtful design solutions that balance creativity with clear objectives, helping brands communicate effectively with their audiences.

Through university and freelance projects, I have developed experience in research-led design, concept development, and delivering cohesive visual systems. I am seeking an opportunity to contribute to a creative team while continuing to grow as a designer.

Hobbies and Interests

Student Magazine –

Editor and designer for the student magazine, working closely with writers to bring their ideas to life through thoughtful layouts and visual storytelling.

Birdwatching –

A keen birdwatcher with a particular soft spot for waterfowl. Always on the lookout for new species and interesting sightings.

Bass Guitar –

A fan of metal music and bass. I enjoy learning riffs, playing along to my favourite tunes and exploring different styles.

Video Games –

A fan of simulation and roguelike games, with an interest in systems, strategy, and creative problem-solving.

Charity Events –

I've taken part in Race for Life every year since I was born and am proud to support something that effects everyone.
